

Confidence

in our custom-tailored garments cannot be misplaced. We have a long line of satisfied customers who will vouch for this. It's because they know that our garments fit faultlessly, and that the patterns are such as cannot be procured in an average shop. In short it's the high standard of our clothes which inspires them with confidence.

James Gunshannon Writes from Fort Slocum

The following letter has been received by Probation Officer Pierson from James Gunshannon who recently went from here to enlist in the army:

Fort Slocum, N. Y.

Feb. 26, 1914.

Dear Sir:—I received your letter Thursday noon. The rations are pretty good, but I don't like the squad with which I am quartered. They are too young for me and are always cutting up. You can't read a paper with them around. We were vaccinated and got the needle twice, and we will get again in ten days. We are liable to be sent away any day now. Then, when I get to my post it will be much better, for after my drill is over and my work done, my time is my own. They want you right under their hand here, but I get along nicely with my drills and I like it.

Think it the wisest thing I ever did I never thought it was so hard to get into the service. They had us jumping around for two days before the doctors, and there were lots rejected. That's why I didn't have time to write before. There are all kinds of games here, besides papers and books. There is also a Y. M. C. A., but I spend my spare time in the recreation room, reading and smoking. Well, this is all I've got to say at present. Good-bye. Hoping this letter will find you well, I'll let you know when I'm going away.

James Gunshannon

Tonight the Brotherhood Bible class of the Y. M. C. A. invites all who are interested to come for a short study at 7 o'clock.

YOU CAN'T EARN MONEY WHEN YOU'RE LAID UP

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause, is to take something just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say it will and satisfy you in every way, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only by us, \$1.00—W. L. Gokay, 417 Main St., Bennington, Vt.

THERE COMES A TIME

In every household when the round of means falls a little. It is not always easy to "try something else" for fear someone of the family may not like it. But we have so many different things in the grocery line, in prepared foods, in fruits, in cereals, in little side dishes that tone up a meal that if you will come in and tell us your housekeeping troubles we will be able to help you out. Thomas Stewart, River street grocer.
